It is located in Jinan, the capital city of Shandong Province, renowned as the "City of Springs." Here lies the legendary Baotu Spring, acclaimed as the "Finest Spring under Heaven," alongside the picturesque scenery celebrated in the classic couplet: "Lotus on four sides, willows on three; a city of mountains and lakes half a lake." As a National Historical and Cultural City and one of the birthplaces of Longshan Culture, Jinan embodies five millennia of Chinese civilization amidst its modern urban vibrancy. The Zibo Campus mainly accommodates programs in science and engineering. It is situated in Zibo, the ancient capital of the Qi Kingdom and the recognized birthplace of world football (soccer). Often referred to as the "Oriental Ancient Rome," this millennium-old city offers a unique blend where profound Qi culture heritage coexists with a major national petrochemical industrial base. Students here can appreciate the depth of history while gaining insights into the robust momentum of modern Chinese industry.
